President May Ask Repeal Of Neutrality Act

Belief Grows In Washington That Congress May Get Request For Move

FORECAST ACTION WITHIN MONTH

Much Depends On Attitude Of Hitler To New Navy Plan To Guard Ships

By WILLIAM S. NEAL
International News Service Staff Correspondent

WASHINGTON, Sept. 17.—Belief that President Roosevelt will call for repeal of the neutrality act within four weeks, thus launching another congressional battle over foreign policy, grew in responsible congressional circles today.

Outright repeal of the act, which would permit American merchant ships to carry lend-lease goods to Britain, was described by both administration and anti-administration senators as the next logical step in development of the "aid to democracies" program.

Conceding that much may depend upon German's reaction to Mr. Roosevelt's policy of clearing the seas of Axis submarines and air raiders, one informed source predicted that the move will come within a month and that congress will vote repeal.

Say Revision Necessary
Revision of the neutrality act, it was pointed out, is necessary to permit arming of American merchant

PA NEW OBSERVES

City police are making an effort to break the double parking habit of students who drive to the senior high school. So bad has this habit become in the past few days that motorists have found it difficult to drive along Lincoln avenue.

Ladies walking along West Washington street, between Beaver street and Shenango street, report that they have to wend their way in the evenings through groups of men and women congregating on the sidewalk in front of some of the establishments.

Workmen have put in a section of sidewalk along West Washington street, between the alley and near the corner of Shenango street. This makes quite an improvement.

Tuesday afternoon, a number of people leaning over the parapet of the East Washington street bridge, were interested in some "fishermen" seeking to catch the small fish in the river beneath.

Pa New notes that some more of the large white birch trees in the city have been cut down during the past week, having been added to the victims of the blight that has been affecting these trees for several years past. It appears that most of this type of trees in the city are doomed.

Cairo Bombing May Bring Raid On Rome

(International News Service)
LONDON, Sept. 17.—While the British press shouted for retaliatory air attacks on Rome, Reuters (British) news agency reported today that the Egyptian government has protested to Berlin and Rome over yesterday's Axis air raid on Cairo.

The bombing of Cairo by Axis warplanes marked the first aerial assault of the war on the Egyptian capital, a Holy Moslem City which previously had been spared from bombing assaults.

Demands in London for air at-

tacks on Rome in reprisal for the Cairo raid followed an announcement that 39 persons were killed and 93 wounded in the ancient Egyptian metropolis.

Reprisals Likely

This morning the British press published front page headlines recalling Prime Minister Winston Churchill's warning last April that reprisals would be carried out against Rome if Cairo or Athens were bombed.

Prodding the government to take immediate action, the London Daily Mirror published this headline: "Bomb Rome Now!"

And in an editorial the same paper stated flatly: "The Daily Mirror expects the gov-

WASHINGTON, Sept. 17.—Rebuffed once, the National Defense Mediation Board today launched a hearing into the strike of 43,000 C. I. O. miners at the so-called captive mines of the large steel companies, hoping to get a back-to-work truce before the walkout forces a cut in steel production.

Rhineland Is Again Bombed

(International News Service)
LONDON, Sept. 17.—British bombers hammered targets in Germany's Rhineland districts last night and early today while Nazi raiders carried out minor attacks on eastern England.

A medium force of R. A. F. planes concentrated on attacking the German industrial city of Karlsruhe during the night. Poor flying weather hampered the attack.

A number of other British bombers attacked the docks at German-occupied Le Havre on the French coast.

An air ministry communique said a few German planes flew inland over Britain, chiefly over eastern areas, and dropped bombs on a few points, without causing damage or casualties.

One German plane was declared to have been shot down.
At 9 p. m. German long-range guns shelled the Dover area. Visibility was remarkably clear and watchers on the southeast coast saw flames leap from the muzzles of the Nazi guns at Cap Gris Nez in occupied France.

Abdicated Shah Enroute To Egypt

(International News Service)
LONDON, Sept. 17.—The Exchange Telegraph (British) news agency today quoted the Paris radio as announcing that the abdicated Shah of Iran, who fled from Teheran yesterday, is now en route to Egypt.

The Paris announcer was quoted as adding that the former Shah will go to South America from Egypt.

MOSCOW, Sept. 17.—Claiming a 35-day battle with a tremendous eight-day Soviet push, Russian troops succeeded in pushing the Germans out of Yartsevo, 30 miles north of Smolensk, the official Moscow radio reported today.

German losses in the gigantic struggle were estimated at ten thousand killed or wounded, and the Soviet army is in a position to besiege Smolensk.

Although virtually razed before its capture by the Germans, Smolensk occupies an important strategic position as a railroad and river traffic center on the upper reaches of the Dnieper, 230 miles southwest of Moscow.

Eliminates Moscow Threat
The Red army's latest reported success eliminates for the time being at least one of the most dangerous German threats against Moscow itself.

Numerous other Soviet victories involving widespread destruction and seizure of Nazi war supplies were announced by the Russian high command.

Fordham Needle Records Quakes

NEW YORK, Sept. 17.—Overnight recordings on the Fordham university seismograph today disclosed two widely separated earthquakes of varying intensity late yesterday and early today.

The first shock, at 5:58 p. m. (E. D. T.) yesterday, was about 6,500 miles distant from New York with no direction indicated. This tremor was described as "quite severe."

Again, at 3:03 a. m. (E. D. T.) today, the seismograph recorded a quake 10,000 miles distant in an undetermined direction. This latter shock was described as "not quite as severe but more deep seated" than the tremor of yesterday.

Two Swedish Destroyers Sink In Mystery Blasts

(BULLETIN)

(International News Service)
STOCKHOLM, Sept. 17.—In a series of mystery blasts which rocked the Stockholm region, three Swedish naval destroyers today burst into flames and two of them sank.

A large number of officers and men were killed or injured, since burning oil hampered rescue efforts. The destroyers were moored in the group of islands on which the city of Stockholm is built. The explosions occurred almost simultaneously, at 10 a. m.

The third craft was badly damaged by the explosions and flames. Details of the explosion were not immediately available, but a government investigation was opened immediately, on the theory that the blasts and fires could not have been accidental.

All the destroyers belonged to the coastal section of the Swedish navy.

Reilly Is Named To Labor Board

World Now Doubts Hitler To Win War

By KINGSBURY SMITH
International News Service Staff Correspondent

WASHINGTON, Sept. 17.—A study of diplomatic advice received at the state department during the past fortnight today revealed that the man in the street throughout the world is beginning to doubt Germany will be the ultimate victor in the present war.

This is the first time since Germany's spectacular military victories in Europe that the diplomatic

advice from the far corners of the world have reflected such a general belief among the common people that Germany is not now going to win the war.

Doubt Nazi Invincibility

The consular and other diplomatic reports show that the masses in India, China, Japan, Africa and other points around the world are beginning to have doubts about the invincibility of the German military machine.

This doubt appears to be spreading even among the military extremists in Japan, and that is regarded by American officials as one

Sees Profiteering In Some Prices

(International News Service)
WASHINGTON, Sept. 17.—Price Administrator Leon Henderson today warned the House Banking and Currency committee that price advances on a wide scale are taking place, "some of them giving evidence of profiteering."

Wholesale commodity prices have risen 17 per cent in the last year and the general cost of living in this country has gone up 7½ per cent since the outbreak of the war, he said.

Henderson, appearing in behalf of the administration's far-reaching price control bill, warned the committee that noticeable price advances took place during the thirty day house recess just concluded.

Wool Crop Sold By Association Tuesday Evening

Splendid Prices Are Received For 1941 Wool Crop By County Wool Growers

WILL BE POOLED

LAST OF MONTH

Lawrence county's 1941 wool crop was sold last night to Kenneth W. Marriner and company of Boston, whose price was the best received from among five bidders seeking the crop, and the best the Lawrence County Cooperative Wool Growers Association has received in several years.

The wool will be graded and shipped on September 29, 30 and October 1. Butler county members pooling their wool at the B & O station in Butler on the first day, and those from Lawrence and Mercer counties on the last two days at the B & O freight station.

The prices which will be paid the association members for the different grades are as follows:

Fine Delaine 39 cents per pound; one-quarter and three-eighths blood, 47.33 cents per pound; half blood, 41.33 cents; medium rejections, 42.33 cents; fine clothing 34 cents; and fine rejections and heavy fine 30 cents per pound.

Other bidders included James Doak and company, William H. Grundy and company, and James Akrold of Philadelphia, and Babcock brothers of Johnstown, O.

The wool was sold under the terms of the new law which provides for pooling of the wool crop.

The temporarily immobilized factories—many of them numbing with defense orders—resumed operations.

Troops May Not Enter Teheran

(International News Service)

SIMLA, India, Sept. 17.—British and Russian troops converged on the Iranian capital of Teheran today but refrained temporarily from entering the city to await developments.

The Anglo-Russian forces marched on Teheran yesterday when Shah Riza Khan Pahlavi abdicated the throne in favor of his son, Mohammed Riza Pahlavi.

British officials in Simla said today, however, that the question of the British and Russian forces actually entering Teheran "depends on Iranian ability to maintain order." Previously it had been anticipated the British and Russians would enter the capital this morning.

The Shah, who abdicated as a result of Anglo-Russian dissatisfaction with his policies, left Teheran by automobile. Last night it was reported he was en route to Isfahan along the highway over which the British forces were moving toward the capital.

Restore Partial Electric Service In Kansas City

Non-Striking Employees Restore Service To City After "Blackout"

(BULLETIN)

(International News Service)
KANSAS CITY, Sept. 17.—Blacked out for five hours by a power strike—much as a major American city might be blacked out in wartime—Kansas City and its 400,000 residents struggled back to near-normal today as non-striking employees of the Kansas City Power and Light Co., went to work in sufficient numbers to restore partial service.

The strike was called without warning at midnight by the A. F. L. Brotherhood of Electrical Workers as a development of the nation's jurisdictional dispute with an independent union.

Cut Off Power
Three hundred union men left their jobs, pulling out master switches of the power company and thus shutting off all light to thousands of homes and, more disastrously, halting power output to hundreds of industrial establishments and defense industries.

For approximately five hours, before non-strikers went to work, the city was virtually paralyzed. Hospitals were thrown into confusion when their lights went out. Electric street cars and buses stopped in the streets. Householders groped for candles.

With its second largest city made a veritable ghost metropolis in the early hours the state acted quickly to restore order.

Mobilizes Guards
Gov. Forrester C. Donnell issued orders for mobilization of the more than 200 men of the Second Battalion of the newly-organized Missouri Home Guard. The Guardsmen gathered at their Kansas City armory under command of Major James Turner. The First Battalion was ordered to "stand by."

The governor's prompt action apparently averted the need for any intervention in the situation by the home guard, however, for within an hour the Independent Utility company employees began reporting for work and turbines at the company's main generating plant once more started to turn.

Lights flickered once again over the darkened streets, and the street cars and buses started up where they had been stopped.

The temporarily immobilized factories—many of them numbing with defense orders—resumed operations.

Walkout Not Ended
The strikers gave no indication of ending their walkout, which came in protest against a ruling by the national mediation board that the board had no jurisdiction in the controversy between the AFL and

State Has Provided 60,000 Draftees

Sixteen Calls Have Been Made

Second Year Under Selective Service Law Will Be Started Soon

OVER 75,000 FROM STATE IN ARMY RANKS

By RAYMOND WILCOVE
International News Service Staff Correspondent
HARRISBURG, Sept. 17.—Eleven months of peacetime military conscription today finds approximately 60,000 Pennsylvania draftees serving in the United States Army.

On the eve of the first anniversary of the signing of the draft law by President Roosevelt, one out of every 22 Pennsylvanians who registered for military training Oct. 16, 1940 has been called into active service.

A record army call for an additional 11,254 men will open the second year of the draft in Pennsylvania, the greatest number to be inducted since the first call for a few hundred men was issued late last year. The new men will be inducted during the three-week period beginning October 8, state selective service headquarters announced.

In addition to the 60,000 civilians called up under the draft law, an additional 14,000 officers and enlisted men of the Pennsylvania National Guard have been serving in the regular army since last February 17.

About 75,000 in Service
Thus the Keystone state finds itself represented today in the nation's armed forces by approximately 75,000 men, believed to constitute the second largest state contingent in the country. The number is exclusive of those serving in the Navy and Marine Corps and those called up from the Reserve Corps.

By far the greater number of Pennsylvania's draftees are serving outside the state, most of them in army camps situated in the western part of the country, with others scattered throughout the nation. Some are believed serving in outposts of defense, such as the Philippines, Hawaii, Alaska, Puerto Rico and the Canal Zone.

Of Pennsylvania's 14,000 National Guardsmen, approximately 2,183 are now stationed in camps outside the state. The remainder constitute the famous 28th Division, "Pennsylvania's Own," and are stationed at Indiantown Gap.

Sixteen Calls
The end of 11 months under the draft law found state selective service officials well pleased with the way things had been handled.

"Everything is in fine shape," said a spokesman. "Considering the fact that the system was set up almost overnight and in such short order, it has worked remarkably well. The few kinks that did arise have been ironed out by now. We are all very much gratified."

There have been 16 induction calls for drafted men during the first eleven months, the first call coming on November 25, 1940, when 770 men were selected from the 1,245,000 men between the ages of 21 and 36 who registered in the state on October 16, 1940. The remainder of the 60,000 was called up this year. Another 61,885 men who later became 21 years old were registered on July 1, 1941, bringing to 1,306,896 the total number of men eligible for the draft.

Under an amendment to the original law, however, only men under 28 years of age will be called up for service.

WORLD NOW DOUBTS HITLER TO WIN WAR
(Continued From Page One)

of the most hopeful signs for an eventual understanding between this country and the Nippon empire. Three main factors are considered responsible for the signs of a change in world public opinion. They are:

1. Russia's unexpectedly strong resistance to the German invasion, and especially the heavy losses which the Germans are believed to be suffering in the Russian campaign.

2. The growing importance of American aid to Great Britain, and a belief that the United States is drawing steadily nearer participation in the war.

3. Great Britain's ability to withstand the worst the German air force had to offer.

Following the fall of France, and Germany's swift victories in the Balkans, the little man in the streets of Bombay, Yokohama, Shanghai and Johannesburg was convinced that nothing could stop the German military machine on the continent of Europe.

Conviction Giving Way
Now, for the first time, that conviction appears to be giving way to doubt as a result of the initial failure of the German blitzkrieg in Russia and the increased American aid to those countries resisting the Axis.

If Germany should succeed in achieving a decisive victory in Russia before winter sets in, it is expected world public opinion may waver again, but American officials doubt that belief concerning Germany's military invincibility will again be as strong as it was before the Nazis tackled the Soviet Union.

The growing flares of revolt in the conquered territories of Europe leads officials in Washington to believe that a similar doubt concerning Germany's chances of winning the war is beginning to spread in those countries for the first time.

SEEKING PLAN TO RE-OPEN MINES

and officials of large steel corporations and their coal company subsidiaries attended the conference.

Seek to Reopen Mines
William H. Davis, chairman of the Mediation Board, announced in advance that the first order of business would be to try to get some kind of an agreement to reopen the coal mines. Sole issue in the strike is the union's demand for a "union shop." Wages are not involved.

The union delegation included Thomas P. Kennedy, of Washington; William Hynes, Uniontown, Pa.; John O'Leary, Pittsburgh; William Mitchell, of Birmingham, Ala.; William Blizard, Charleston, W. Va.; James Mark, Clearfield, Pa.; and C. P. Davis, Fairmount, W. Va.

Company representatives included J. C. Argetsinger, Youngstown, O., a vice president of the Youngstown Sheet and Tube Co.; Hoyt A. Moore and J. M. Larkin, Bethlehem, Pa.; Bethlehem Steel Corp.; Thomas Millsop, Weirton, W. Va.; Weirton Coal Co.; W. J. Whitaker, Pittsburgh, Crucible Steel Co.; William Beve, Pittsburgh, U. S. Steel Corp.; and Harry M. Moses, president of three large coal companies which are subsidiary to U. S. Steel.

The Mediation Board had invited the heads of major steel companies, including Eugene Grace, Tom Girdler, Benjamin Fairless and E. T. Weir, to attend the meeting, but they sent representatives instead.

Levis left the door open for a possible truce when he promised that he would consider a back-to-work plea at the conference today. Defense officials reported meanwhile that unless an agreement is reached to open the mines by next Monday, steel operations may have to be gradually curtailed.

PA NEWC OBSERVES

Motor Police detachment over the week-end. The local motorists were charged with reckless driving, while the Volant man was charged with failure to have his car inspected.

Judging from some of the kind of driving Pa Newc has noticed around town, the boys must have learned it at home.

Whether the perpetrators commit such an act in a spirit of fun or malice, is not known, but folks who put rubber bands around a dog's neck commit one of the most brutal acts conceivable. The band will draw tight and in a short time, cut a great gash in a dog's throat. County Coroner T. F. Nugent, who treated such a case this morning, reports that he has a number of such cases from time to time.

Riding a bicycle without lights, after dark, on the much travelled highway between New Castle and Parktown corners, is what Pa Newc would call an open invitation to disaster. But such a spectacle was witnessed recently on this route.

Two lads on bicycles were riding this highway on bicycles in the heavy traffic, and neither of the bicycles was lighted.

Corn roasts and various other kinds of outdoor events seem to be quite the thing around the county these cool September evenings (last night excluded). Riding around the rural districts last night, Pa Newc noted an exceptionally large number of outdoor affairs in progress.

Tuesday evening took its place with the hottest September 16 nights on record here. Those thick wool blankets, which were put into use several weeks ago, were discarded for the night.

State Highway employees are "making the rough places smooth" on West Washington street, with the application of amestite. Today they were working in the location between Atlantic and Greenwood avenues.

PRESIDENT MAY ASK REPEAL OF NEUTRALITY ACT
(Continued From Page One)

men but more important is use of American ships in carrying lend-lease goods to Britain.

American production is increasing so rapidly, it was said, that it may be necessary to use all available vessels, including American, to supply British needs and to permit Britain to send goods in huge quantities to Russia.

A champion of the neutrality act, Sen. Gillette (D) Iowa, said that the administration ought to put the question of repeal up to congress.

"I think that the administration will not soon," he said.

"It is not only inevitable that it will be a highly salutary thing to do, it is unthinkable to leave the legislative picture in such a haze."

"Policy Means Convoys"
The president's enunciated policy means convoys, sending American vessels into combat areas and permitting American vessels to take goods to belligerents, all of which are in conflict with the policy expressed in the neutrality act and the lend-lease law.

"The legislative and executive policy ought to be brought together. We can continue in such a fog as we now are in."

I believe that we have been committed to the lend-lease act by a policy from which it will be exceedingly difficult to withdraw."

Sen. Pepper (D) Fla., administration supporter, said "repeal of the neutrality act, which I favor, is the next logical step."

"Everything we have done is a part of our strategy to defeat Hitler," he said. "If we are satisfied that, for a technical interest, it is necessary to use American ships to carry goods to Britain, we must do it."

"Does Not Mean War"
"Sinking of ships does not mean war. We would not go to war if Hitler sinks a battleship or a cruiser. We will determine what is in our best interest."

The administration, it was reported, wants to get the proposed new lend-lease appropriation bill of more than \$5,800,000 passed before launching a neutrality act repeal fight.

Meanwhile the president moved to further speed supplies under the present lend-lease program to Britain by delegating to lend-lease Administrator Edward Stettinius, Jr., authority for supervision of the day-to-day operations of the lend-lease program.

The chief executive would not discuss the neutrality act at his Tuesday press conference nor would he talk on his order to the navy to "shoot on sight" any German or Italian submarines or raiders. As to a question of future convoy activity by the U. S. Navy however, he said that amateur strategists should not get the idea there is only one method of protection.

He told reporters that the military and naval situation will determine whether announcement will be made of further incidents at sea, if any occur.

Of a total production of 1,038,668 shotguns reported to the census bureau by the firearms industry in the last two censuses of manufactures, 197,241 were double-barreled and 841,427 were single-barreled, including automatic, repeating and single shot.

Deaths of the Day

Dr. Charles N. Moore

Dr. Charles N. Moore, of 302 Park avenue, former pastor of Presbyterian churches in Zelenople, Slippery Rock and at Neville Island, near Pittsburgh, died today following an illness of several months. He was 73 years of age.

Rev. Moore was born in New Bedford January 14, 1868, the son of James A. and Samantha Moore.

His ministry began at the Presbyterian church on Neville Island, the charge he assumed upon graduation from the Western Theological Seminary at Pittsburgh in 1896. He had graduated from Grove City college before entering the seminary.

In 1903 a call took him from Neville Island to the Presbyterian church at Slippery Rock, and he remained there until another call in 1919 moved him to the Zelenople Presbyterian church.

Grove City college, his alma mater, conferred upon him the degree of doctor of divinity in 1928. In May, 1936, he retired from active service and since has made his home on Park avenue.

Dr. Moore's first wife, Katherine McCaughy, died in 1913, and in 1915 he was married to Miss Alice Sergeant, of Elmira, N. Y., who survives him.

Besides his widow, three sisters and one brother remain to mourn his loss. They are: Miss Emma B. Moore and Miss Ethel D. Moore, of New Castle, and Mrs. O. W. Bailey, of New Bedford, and Newell J. Moore, the brother, of Sydney, O.

The body will be at the late residence at 203 Park avenue from Thursday morning until one p. m. Friday, Eastern Standard time. Funeral services will be held in the Slippery Rock Presbyterian church Friday at 2:30 p. m., Eastern Standard time.

Joseph Haswell
Joseph Haswell, aged 64 years, of the Wampum-Koppel road, died at his residence this morning at 10 o'clock, following an illness of but one day.

Surviving are his wife and a daughter, Mrs. Robert Bates of Koppel; three sisters, Mrs. Margaret Bookman, Mrs. David Stains and Mrs. Susie Parker, of Ellwood City, and five grandchildren.

Funeral services will be held from the residence Friday afternoon at 2:30 o'clock, E. D. T., and interment will be made in Clinton cemetery.

The body is at the Marshall funeral home, Wampum, and will be taken to the residence this evening at seven o'clock.

Roosevelt C. Wise
Roosevelt C. Wise, three-month-old son of Mr. and Mrs. Anderson Wise, of 2 Levine way, died in the Jameson Memorial hospital at five a. m. this morning, following an illness of two weeks.

Interment will be made at one p. m. Thursday, in Greenwood cemetery.

Harry Hettenbaugh
Harry Hettenbaugh, aged 74 years, of 707 North Cedar street, died in the Jameson Memorial hospital this morning at three o'clock, following a short illness.

Mr. Hettenbaugh was born December 13, 1866, the son of David and Sara Jane Robinson Hettenbaugh.

He is survived by his wife, Ella A. Hettenbaugh; one daughter, Mrs. John W. Wilson, this city; one sister, Mrs. Jessie V. Davis, also of New Castle, and a brother, Fred, Woodville, N. J.

Funeral services will be conducted from the home of his daughter, Mrs. John W. Wilson, 701 North Cedar street, Friday, Sept. 19, at 2:30 p. m., with Rev. J. Albert Tinker, pastor of Methodist Memorial Primitive Methodist church, officiating. Burial will be in Valley View cemetery. The body is being removed to the Wilson home from the Mahoning funeral home today at 4:30 p. m.

W. L. Douglass
Infirmities of age caused the death of W. L. Douglass of North Beaver township this morning at 11:30 o'clock in the Jameson Memorial hospital.

Mr. Douglass was born in North Beaver township, April 16, 1848. He was a widely known and prosperous farmer, and was a member of the Bethel U. P. church. Mr. Douglass was the last of his family, taken by death.

Surviving are two sons, R. R. Douglass of North Beaver township and Charles E. Douglass of New Castle; 10 grandchildren and 11 great grandchildren.

Funeral services will be conducted from the Bethel U. P. church, with Rev. Bradley Watkins in charge. Interment will be made in Bethel cemetery. The body is at the Mahoning funeral home, and will be taken to the home of his son, R. R. Douglass, North Beaver township, Thursday morning at 10 o'clock.

Mrs. Ritchie Funeral Time
Funeral services for the late Mrs. Louis Ritchie of 462 Nehalem avenue will be conducted from the residence Thursday afternoon at 4 o'clock.

Interment will be in Greenwood cemetery.

Mrs. Perrotta Services
Funeral services for the late Mrs. Nicolina Perrotta, of 209 North First street, were conducted this morning at nine o'clock, at the residence, with the Rev. Fr. Sebastian Ippolito in charge.

At 10 o'clock a solemn high mass of requiem was celebrated in St. Lucy's church for the repose of her soul, with Rev. Fr. Sebastian Ippolito as celebrant; Rev. Fr. Nicholas DeMita, of St. Vitus church, as deacon, and Rev. Fr. Albert M. Inneso, assistant pastor of St. Vitus, as sub-deacon. Services at the residence and church were largely attended by friends and relatives of the deceased.

Active pallbearers were: Mrs. Anna Masters, Mrs. Margaret Masters, Mrs. Cecelia Perrotta, Mrs. Jennie Rainey, Mrs. Margaret Fioranti and Mrs. Jennie Pischetelli. Standard pallbearers were members of the Holy Rosary Sodality of the church, Mrs. Frank Iovannelli, president; Mrs. Mary Izzo and Mrs. Lizzie Marchionda. Other members of the sodality were honorary bearers.

Interment followed at St. Lucy's cemetery, with Father Ippolito conducting the committal service at the side of the grave.

Mrs. Dennis Rites
Most impressive were the funeral rites held Monday evening at 8 o'clock from the Campbell funeral home for Mrs. Anna Dennis, widow of Thomas Dennis of 221 East Wallace avenue.

Rev. W. V. McLean, pastor of First Methodist church, of which Mrs. Dennis was a faithful member, was in charge.

The funeral home was filled with sorrowing friends and relatives of Mrs. Dennis, and the numerous floral offerings were significant also of her many friends.

The body was taken to Hammondsville, O., on Tuesday morning where interment was made. Short services were held at 11 o'clock at the grave, with Rev. N. S. Scott of Ironville, O., in charge.

Pallbearers were R. B. Paisley, J. O. Paisley, W. T. Young, F. L. McBane, Clyde Parsons and F. G. Sharp.

Dudich Funeral
Funeral services for George Dudich of West Pittsburg were conducted this morning with a short service at the home followed by a mass in St. Nicholas Greek Catholic church, Rev. Fr. Philip Grushetzky, pastor of the church was in charge, and at the conclusion of the requiem mass delivered an inspiring sermon in consolation to the bereaved family.

The church was filled with sorrowing relatives and friends.

Pallbearers were: John Jesko, John Palatko, Andy Rusia, Andy Hrabosky, Michael Spotilla and Andy Lazar. Interment was made in the church cemetery.

"The Premier Warned Them." The Daily Telegraph said plans for heavy and sustained bombing attacks on Rome have been in readiness for some time and that consideration would be given to the exact circumstances of the attack on Cairo.

"If it is demonstrated that Cairo was bombed deliberately, bombing of Rome undoubtedly will begin in the next few days," the Telegraph said.

The Daily Express joined in with: "R. A. F. bomber pilots have been itching for some time to smack Mussolini's bomb-free city."

the independents. The AFL union had appealed to the board for designation as bargaining agent for the independents.

Before service was resumed, the strikers had arranged to supply power only to hospitals and to the city's pumping stations to insure an adequate water supply. For a few hours during the night, only one pumping station operated. This station had its own power supply but would have been able to continue operations only for a short time, bringing threat of a water shortage.

The Kansas City municipal airport also suffered during the blackout. Two planes were prevented from landing because there were no lights on the field. Early this morning, however, normal operations were made possible by the use of lighted torches. Three planes landed and took off again by this improvised lighting.

Only one hospital—St. Luke's, one of the largest—was entirely without lights during the blackout period. Most other hospitals reported they had emergency lighting systems available.

Immediately after start of the strike, thousands of persons on the streets and in hotels and night clubs were inconvenienced by the blackout. It was some time before the public learned the cause of the blackout and—after the initial flurry of excitement—dancing continued.

After ordering units of the Missouri State Guard held in readiness, Gov. Forrest C. Donnell made it plain that the military resources of the state will be used if necessary to prevent a recurrence of the power paralysis caused by the A. F. L. strike, and to restore full operation.

"Conduct such as this will not be tolerated," the governor said at Jefferson City. "The state is going to insist that all employees return to work pending negotiation, mediation or adjustment of differences."

The latest high command announcement said Soviet units at the front destroyed 46 German firing points, ten batteries, 16 armored defense emplacements, and five ammunition dumps.

The Parent Problem

By Garry C. Myers, Ph. D.

HOME AID FOR TOT'S "MATH"

The average child subtracts in his own fashion long before he goes to school. Following some practice on the concept of more or less, the child is ready to begin to learn by heart the basic subtraction facts such as "4 from 9 leaves 5."

As in addition, so in subtraction, there are but 100 of the basic subtraction facts. Many children suppose there must be a million of them. How amazing it is that with only 100 simple addition facts and 100 simple subtraction facts to be learned, the average child attending the upper elementary school today does not know nearly all these facts, in spite of the hours and days of drill he spent on them.

The chief reason for this failure is that the child has repeated so many of them wrong in the drill. For weeks he counted them out. On discovering later that he was expected to go faster than he could by counting, he began to guess and, therefore, to make many mistakes.

Home Help
No matter what your child's teacher does, you can safely help this child at home if you will get him to memorize 2, 3, or 4 of these subtraction facts an evening. Please don't let him attack more than four at most. Two or three are better. Set down the fact in a column, as 4 under 7, a line, and 3 under the line.

You should have the child tell you what language he is taught at school to use as he reads this fact. Will he say, "4 from 7 leaves 3?" "7 take away 4 leaves 3?" "7 minus 4 equals 3," 4 and how many make 7?"

Suppose at school they say, "4 from 7 leaves 3." Have the child at home, while looking at this whole fact before him, say it over and over again, "4 from 7 leaves 3," learning it by rote.

If your child were to learn mechanically and accurately two or three of these subtraction facts an evening, always reviewing all those he has learned up to then, he will have acquired at home what will prove of immeasurable value to him not only at school but elsewhere as long as he lives.

A sheet of all the 100 subtraction facts (also one of the 100 addition facts) may be had, without cost, by writing me at 235 East 45th Street, New York City, enclosing a self-addressed envelope with a three-cent stamp.

Solving Parent Problems
Q. My daughter, 10, gets along well in everything at school but spelling. Can it be that she was born short in spelling?

A. Hardly, since she does well in other subjects, she should be able, if the proper way is found, to learn to spell. It might be well to have her vision tested. I have written "Home helps for poor spellers" to be had without cost by writing me in care of this paper, enclosing a self-addressed envelope with a three-cent stamp.

"Always our utmost best seems short of what we ought to do. I shot an eighty-five one time—and missed a putt or two. Never the perfect round is played. To err are mortals prone. Some weakness shatters good intent as golfers all have known. Look at the sevens and eights that fall so often on the card! Golf teaches this to one and all: Perfection's way is hard."

"Not easily is par achieved. That road runs all uphill. Patience and practice, pain and pluck comprise the price of skill. The duffers are the many here; the great performers few. Rare is the fellow day by day who'll score in seventy-two."

I questioned: "Must a man be great? Is that his only pride?" The golfing paragon smiled at me. "I hope not," he replied.

Daily Dozen

(From the Medical Society of the State of Pennsylvania)

About 12,000 young persons will die of tuberculosis this year. These victims will be between 15 and 25 years of age.

More than 100,000 in this age group will be stricken this year. They will have to quit school or work and change future plans.

This is all so unnecessary. Tuberculosis is a communicable disease caused by a germ.

It is transferred from person to person often through contact. Careless coughing and expectorating or kissing may do it.

Isolation and early rest treatment protects others and aids the patient.

Eighty-five per cent of patients treated early recover.

This percentage of cures decreases rapidly with delay. Tuberculosis can be eradicated by public cooperation.

Liberty is doomed whenever a minority can gang up and get by threat what it will not earn.

In some elections there are birds who support the candidates who will support them and their families in the best style.

Most people don't care what happens, provided it doesn't happen to them.

The trouble with a perfect day is that you stay up late and feel punk the following afternoon.

Billy had just finished his supper the other night when he looked over and saw a dish of preserves sitting on the table. He said "Mam, what kind of preserves are they?" "Damsons, son," he sat there for a few minutes watching the dish of preserves in a very funny way. Presently he said "Mam, if you don't mind I'd like to eat a few of those bad words." Sent in by a North Hill mother.

KNEW WHAT HE MEANT
Many changes were made in pastorates of various churches by conferences of several denominations held recently. And in some instances, the pastors probably feel as did the negro reverend who had been asked to seek fairer fields by his flock. Preaching his farewell sermon, he outdid himself and finally came to his conclusion: "And now, brudders an' sisters, when I walk down de aisle of dis' church for the last time, I wants yof to notice something particular and dat something is a twig of mistletoe, pinned right at de bottom of my coat-tails!"

Still, defense may save us money in the long run if it teaches us not to be ashamed of thrift.

Personality is the quality that enables the sloppiest looking town idiot to make people believe they must look swell at home.

But if our own state and local governments loved us, they could save us a dollar of tax for every one the federal government rooks us.

Culper—Oh, so you know the house?

Mrs. Flisk—Have a good time at the party, dear, and be a good girl. Aladdin—Make up your mind, mother.

What's What At A Glance

Object To Term "Defense" Program
Armed Forces Of U. S. Don't Like It
Say "Defense" Is Really Negative Word

By CHARLES P. STEWART
Central Press Columnist

WASHINGTON, Sept. 17.—Major General William N. Porter's thesis that "defense," which he calls "a negative word," as applied to our military preparations, has been the subject of considerable interested comment in Uncle Sam's army and navy.

His mission, information services. Of course, it is to stir up all the enthusiasm they can for our emergency activities, and if defense is a rather flabby term to apply to 'em, they realize that they'll be well advised to abandon it for something a lot stronger.

Civilian commentators, in congress and most of the executive departments, argue, however, that speaking of our program as offensive wouldn't do for a minute. Even interventionists say so, on the ground that it would antagonize too many people, who favor defenses, but would balk on that also under the other name.

"Well," rejoins General Porter, "an offensive is the only thing that ever's going to lick Hitler. Defense won't do it, and it's insincere to represent that it will."

Moreover, the general's a defense expert. He's chief of the United States Chemical Warfare service, and chemical warfare, he asserts, is essentially defensive.

That, he told the American Chemical society, in a recent speech in Atlantic City, is the reason why Herr Hitler hasn't resorted to it yet—because his campaigns have been offensive thus far and poison gas defense doesn't fit into it.

Why it isn't offensive to a body of troops to be gassed by an advancing force of the enemy may not be apparent to a layman at first thought, but experienced gassers, like General Porter, explain why not very convincingly.

How It Works
If an offensive, advancing outfit gasses an area in front of it, it quickly runs into its own gas as it continues advancing and is battered by the stuff like sixty.

But if the defensive and perhaps retreating aggregation lays down a gas barrage along the oncoming foe's front, it may stop 'em. It delays 'em, anyway.

It's conceded that the Italians in Abyssinia were on the offensive and yet used gas. That, though, wasn't a blitzkrieg. Duce Mussolini's soldiers made a business of gassing the poor Ethiopians and then stopped waiting until the latter were gassed to death and finally pushed ahead after the gas had blown away.

Herr Hitler's men can't afford to do any waiting. Their game's to keep on coming, occupy their objectives in short order and they don't want to find 'em too gaseous to occupy for quite an interval.

Offensive aviators, over a city that they don't intend to parachute into immediately, doubtless, it's agreed, can spill a shower of gas bombs onto the place to their own advantage and make their getaway before the fumes have had time to rise high enough to affect 'em. It's been done more or less during the present war—onto London, Hull and elsewhere.

Those folk have to have gas masks, which are a first class nuisance. But these raids aren't intended to precede prompt advances on terra firma. For grounding troops to gas a terrain that they expect to rush right on into is bad judgment. For the defenders to try to gas 'em back from it is a different matter.

General Porter doesn't assume for an instant that Herr Hitler has operated terrestrially mainly gaseously to date because he's any too decent to employ the poison, but only because he prefers not to.

Gas Means Defensive
When the Axis falls back on a liberal use of gas, say our gas authorities, then we'll know that at last it's on the defensive.

But as for our own organization? It's an old story that "an attack's the best defense."

And our army and navy folk want that the right kind of a fighting force can't be created on any supposition but that it's purpose is to bounce right out and skvush an enemy, if necessary—not simply to stand him off if HE initially, takes the warpath against US.

It's darned hard to say so, though, for popular consumption.

Happigrams
By ERICH BRANDEIS

Billy Conn, heavyweight contender, had to appear in quarter session court in Pittsburgh, Pa., for speeding and driving without a license.

Conn gave as his excuse that he was rushing to get a doctor for his sick mother. In view of that, his sentence was suspended. "Young people look up to you," said the judge, "and you are the idol of a lot of boys. You should set a good example for those who believe in you."

Fame is the result of public approval. With it goes a debt of gratitude to the public.

Neglect to pay that debt by proper behavior turns fame into notoriety. Notoriety usually ends in oblivion.

Bible Thought For Today

My little children, let us not love in word, neither in tongue, but in deed and in truth. 1 John 3:18.

The World and the Mud Puddles

BUT NO CARBON COPY CITIZEN

Gone are the days when the small town citizen was a hick.

Now he reads the same newspapers and listens to the same radio programs as city folks. He can talk about Di Maggio's record or the Cardinal's chances for the penant with all the volubility of the New York or St. Louis cosmopolite.

He wears the same brands of clothing, smokes the same cigarettes and drives the same car as his big city cousin.

His wife and daughter could be set down on Broadway and no one would distinguish them from the natives of those sophisticated haunts.

In the current Nation's Business Dickinson Hartwell writes of a New England town so small that it has little to boast beside a church, a gas station, a garage, a general store and a post office located in a private residence. But in that general store you can buy a complete line of frozen meats and vegetables, nearly every breakfast food that has been thought up, and a line of other nationally advertised products that would reach from here to Christmas.

And the thrifty New Englander who runs this store doesn't stock these products because he likes the sound of their names, continues the author. His customers demand them.

Such is the standardizing influence of modern methods of transportation, communication and education, that Americans are all being molded alike. It is one of the most marked tendencies of the age.

Special distinctions, even in dialect and amusements are slowly erased by the resistless march of the "mass man" demanding conformance in everything.

There are some citizens who are impatient with those who differ with them in opinion concerning the administration in Washington who would ban free speech.

It is, therefore, very important that there does not result a "carbon copy" citizen.

BIRTHDAYS OF FAMOUS AMERICANS
(Compiled by Encyclopaedia Britannica)

1819—J. Peter Lesley, geologist, at Philadelphia. He was a member of the staff that made the first geological survey of Pennsylvania and later he made a special examination of the coal regions. In the course of his work as a consulting geologist he made elaborate surveys of the Cape Breton coal field and other coal and iron regions. He had charge of the second geological survey of Pennsylvania, which was started in 1874.

1825—Lucius Quintus Cincinnatus Lamar, U. S. senator, Secretary of the Interior, and associate justice of the supreme court, in Putnam County, Georgia. He is perhaps best known for the part he took after the Civil War in helping to effect a reconciliation between the North and the South.

1838—Robert William Vonnich, portrait and landscape painter, in Hartford, Conn. He received the Proctor portrait prize of the National Academy of Design and is represented in the Pennsylvania Academy of Fine Arts, in the Massachusetts Historical society, and the Metropolitan Museum of Art, New York City.

Hints On Etiquette

Don't make a practice of using a friend's telephone. There are times, of course, when this cannot be avoided, but it is rude to make unnecessary calls—especially those requiring toll charges—on a friend's phone.

War won't destroy freedom. It can survive the follies of these last few years, nothing human can kill it.

V. F. W. DISTRICT FOUR MEETING AT ROCHESTER

A most successful district meeting of the Veterans of Foreign Wars and auxiliaries of district No. 4 was held in Rochester, Pa., during the week-end, with representatives numbering 422 participating. Sessions opening with a dinner at the Penn Beaver hotel. The V. F. W. members gathered at the Rochester V. F. W. Home, while the ladies present joined at the Elks club in the host city.

Guests at dinner included the departmental officers, and on Sunday afternoon an excellent meeting was conducted.

Attending the meeting were National junior vice-president, Mrs. Amelia Kane of Pittsburgh; deputy president, Mrs. Kathryn Bechtel, and department chief of staff, Mrs. Matilda Stoney, both of Philadelphia; secretary and treasurer, Mrs. Florence Anderson of Harrisburg; assistant conductor, Mrs. Ann Eagan of Pittsburgh; legislative chairman, Mrs. Mary Ruppel of Pittsburgh; state musician, Mrs. Josephine Donahue of Meadville; chairman of junior activities, Mrs. Thelma Freed of Rochester, Pa.; past deputy president, Mrs. Norman Potts of Bradford and Mrs. Bertha Lyons of Warren, Pa.

Mrs. Evelyn Woods, district president; Mrs. Elsie Fredericks and Mrs. Lillian Falls, Joseph Mescall, the latter commander of local Post No. 522; Adolph Jones, commander of the tri-county council; Clarence Leslie, quartermaster of the local post; Frank Sargent, George Hunt, Earl Cummins and Thomas Freed of Post 315, New Castle.

Commander John Rankin of Uniontown and senior vice-commander of Philadelphia; Chief of Staff J. V. Spalding of Philadelphia; Dr. Merle Amy, commander of district four of Corry, Pa.; Patriotic Inspector J. A. Allen of Warren, Pa.; Deputy Liaison Officer, J. R. Webb of Warren, Pa. Nine deputy chiefs of staff were also present.

With much ceremonial, the American Legion state champion drum corps escorted officials of the district meeting to the hotel, and later serenaded the assemblage, a highlight of the occasion.

ST. VITUS CHURCH SCENE OF WEDDING

In the presence of many friends and guests, Miss Louise DeBlase, daughter of Mr. and Mrs. Anthony DeBlase, rear South Mill street, became the bride of Joseph Nasal, son of Mr. and Mrs. Adam Nasal, of the Butler road, Monday morning in St. Vitus church.

Rev. Fr. Albert M. Inteso, officiated at the ceremony at 9:30 o'clock and he used the double ring service. Many lovely flowers embellished the altar, providing a colorful setting for the occasion.

The bride given in marriage by her father, wore a white satin gown, made entrain, with neckline edged with seed pearls. Her fingertip veil was caught in a crown of rhinestones, and she carried an arm bouquet of lilies.

Miss Helen Selensky as maid of honor, wore a dusty rose satin gown with pink accessories and carried a bouquet of pink roses. Bridesmaids, Angeline Bruno and Julia Nasal, were attired in gowns of turquoise green, with matching accessories and they carried pink roses.

Michael DeRosa served as best man, and ushers were Andrew Selensky and Michael Cheanen. Delores Amabile was junior bridesmaid. Louis Farone, Jr., was ring bearer.

A wedding breakfast was later served at the home of the bride's parents, and in the evening, a reception was held at the Casa Savoia hall, for friends and relatives. Mr. and Mrs. Nasal departed on an eastern wedding trip, and upon their return will reside in their newly furnished apartment, 1025 Cascade street. Mr. and Mrs. Nasal are employed at the National Pants Company.

An out-of-town guest was Mrs. Mary Selensky, of West Virginia.

BRYER-GERLACH CEREMONY TODAY

Quietly celebrated was the wedding, this morning, in Madonna church when Miss Anna Bryer daughter of Mr. and Mrs. Joseph Bryer of New Bedford, became the bride of Joseph Gerlach, son of Mr. and Mrs. M. Gerlach of Bluff street, the vows being exchanged in the presence of immediate families of the couple.

Rev. Fr. Pikulik officiated at 7:30 o'clock, using the impressive double ring service.

For her marriage, the bride was attired in a Canyon blue street length dress, with luggage tan accessories, and her shoulder corsage was made up of gardenias. Mrs. Robert Burns, sister of the bride and her only attendant, was attired in a sand brown tailored dress with matching accessories. Her shoulder bouquet was of Talsman roses.

William Gerlach of Salsman brother as best man.

Supplementing the ceremony, a beautifully appointed wedding breakfast was served at a prominent tea room.

Dispensing with a trip until later, Mr. and Mrs. Gerlach have taken up residence at the home of his parents on Bluff street.

The bride attended Villa Marie high school and the bridegroom attended New Castle high school. Both are affiliated with the She-nango Pottery.

Two Are Killed As C. C. C. Truck Is Overturned

(International News Service) JOHNSTOWN, Pa., Sept. 17.—William Berro, 18, of Fallen Tumbler, and Frank Venerowski, 19, were killed and seven others were injured, two seriously, today when a C. C. C. camp truck overturned near the Blue Knob camp in Pavia, Bedford county.

All of the injured were members of the C. C. C. camp.

Valentine Medynski of Pittsburgh was reported in critical condition in Windber hospital suffering from a broken back.

Charges Made After Election

An aftermath of the primary election on September 9 came to light today in the office of Alderman L. C. Mantz when Apollo Smith made an information against Henry Engs, charging him with fraudulent conversion.

Smith alleges that he and Engs are members of the Colored Voters' club which maintains quarters in Sycamore Way. He further alleges that Engs took \$15 from a candidate for nomination and a load of coal from another candidate for the same nomination, setting out that the \$15 was needed for rent of the club quarters and the coal was needed to heat the building.

Smith claims that Engs kept the \$15 and that the coal was also taken by him. Eng denies the charges and gave bail in the sum of \$300 for a hearing later.

Private Left Fort With Machine Gun

Held By Detroit Police For
Authorities At Fort Knox,
Ky.

(International News Service)

DETROIT, Sept. 17.—A Fort Knox, Ky., army private who left the Fort on furlough carrying a dismantled machine gun because "I wanted to take one out and really see what I could do with it" found himself in jail today.

Police arrested Private James Scarbrough, 21, in a Detroit hotel at the request of Fort Knox authorities. Along with the machine gun, police found 600 rounds of ammunition.

"It's this way," Scarbrough told police:

"I've been in the army for two years and I've been in charge of the machine guns at the fort. I have to clean them and issue them out and generally take charge of them."

"Well, there I was—handling those guns all day long, cleaning them and keeping them in shape—doing everything but fire them. In all that time, I fired one only once—and just for a second."

"I wanted to take one out and really see what I could do with it. Finally the urge got so great I put one in my suitcase when I left on my furlough."

"I planned to go up in the hills of Tennessee, near where my home is, and do some target practicing. But I guess I won't now. I wonder how long I'll have to stay in the army before I get to really fire a machine gun."

Detroit officers are awaiting word from Fort Knox as to what to do with the would-be-machine gunner.

Presbytery Of Shenango Meets All Day Tuesday

Rev. W. J. Engle Extended
Call As Pastor For Enon
Presbyterian Church

MEETING HELD AT
MORAVIA CHURCH

There were 26 pastors and 31 elders, representing 29 churches in the Sharon, New Castle, Ellwood City and surrounding district churches, at the regular meeting of Shenango Presbytery, held in the Moravia Presbyterian church Tuesday.

Two officers of the Presbytery were re-elected. They were: Rev. Stewart Harro, of the West Middlesex church, as moderator, and Rev. T. C. Henderson, of New Castle, as permanent clerk for a one-year term.

A call from the Enon Presbyterian church was put into the hands of Rev. W. J. Engle and accepted. Mr. Engle has been acting as supply at this church for the past two years, and will be installed as pastor on October 2 at the church.

Guests at the Presbytery session who spoke included: Rev. H. A. Rhodes, D. D., who has served for many years as a missionary in Korea. Dr. Rhodes spoke of the manner in which the Japanese government has curtailed the missionary work in that country. Rev. W. P. Magary, D. D., who is a member of the Presbytery of Kansas City, Mo., of the U. P. Churches of America, spoke on "Temperance." Rev. Lawrence Fisher, Mercer Presbyterian church, and Rev. J. S. Cotton, of the Butler Presbytery, also spoke.

Temporary Supply
Harold Eller, a second year student at Western Theological Seminary, Pittsburgh, was named as temporary supply for the Moravia

church. Mr. Eller will serve in this capacity until the January meeting of Presbytery.

Rev. S. A. Kirkbride, D. D., of New Wilmington, was elected moderator of the session of the Calvary Presbyterian church of New Castle. Dr. Kirkbride will arrange for supply ministers until the January Presbytery. Dr. Kirkbride replaces Rev. John Orr, Ph. D., of New Wilmington, who has been in charge of this work since last June, and was forced to resign because of other work.

Two deaths among the ministers of the Presbytery were reported. They were: Rev. J. N. Strain, D. D., who has been residing at Sheldon, Ill. He is a former pastor of the Plank church; Rev. Thomas Kerr, D. D., who has been living for the past few years at Haywood Home for Aged Ministers, in Sharon.

Next meeting of the Presbytery will be held on Tuesday, Jan. 30, 1942, at the West Middlesex Presbyterian church.

Police Officials Get Instruction

Officials and police of not only New Castle but from cities, boroughs and townships in this vicinity, on Tuesday, learned how the F. B. I. attends to saboteurs, bombers and gunmen.

The F. B. I. agents, working under the supervision of the Agent Thornton in charge of the Pittsburgh district, displayed motion pictures of bombings and how best to make unexploded bombs harmless.

Following the motion picture display which was in council chambers, city hall, the F. B. I. agents demonstrated machine-gun and revolver shooting at a range outside the city. Among the marksmen was the local chief, McMillen.

Mr. Thornton Mayor Charles B. Mayne, District Attorney John G. Lamoree and Chief of Police W. G. McMullen spoke on law enforcement.

Gun Store Holdup Pair Not Located

Chief of Police Willis G. McMullen today stated no trace had been secured of the bandit pair who Monday afternoon stole more than \$100 in cash and some revolvers from the Rohrer gun store, Water street, after trussing up William Blattmann, proprietor, and James Hass, employee. The police were apprised of several of the numbers of the license plate on the black Buick coupe purportedly used in the getaway.

There is a suspicion they may have been members of the same gang who some weeks ago trussed up an insurance adjuster and several women at an office at Sharon and who escaped with approximately \$500.

All Hot Mills Are Now In Operation

At the Shenango plant of the Carnegie-Illinois company here, it is announced that the additional ten hot mills, numbers 31-40, which have been out of operation for a few days, due to mechanical difficulties at the plant, resume operations this afternoon at 3 o'clock.

This places the entire 49 hot mills back in operation. Thirty of the hot mills resumed Monday afternoon, after having been out of operation for two turns Monday.

Local Boy Praises Southern Hospitality

Private Cecil J. Smock of 1122 West Washington street, who is now stationed at Monroe, La., for maneuvers, states that the U. S. O. building there is one of the best that he has entered.

Southern hospitality is the finest he has yet encountered, and the southern people treat the boys courteously. The boys attend dances and parties, and have the comforts of hot shower baths, razors, blades, and stationery. They enjoy fishing, swimming, boating, auto rides, magazine and other sporting activities. Many of the soldiers are invited to southern homes for dinner on Sunday.

AUDREY ALTMAN

Red Cross Board Discusses Roll Call Plans Here

Executive Committee Resumes Monthly Sessions After Summer Layoff

NAME COMMITTEE TO STUDY BUDGET

Resuming its monthly meetings after the summer vacation period, the executive committee of the Lawrence County Chapter, American Red Cross, heard reports of the chapter work during the summer months, and discussed plans for active resumption of the fall and winter activities.

With the national emergency ever growing nearer, it is revealed that the Lawrence County Chapter is prepared for any event which might happen, and has committees named to function at a moment's notice taking care of all defense needs of the local community.

A committee consisting of Attorney J. Glenn Berry as chairman, Norman E. Clark, Charles E. Allen and Mrs. Harry L. Gormley, was named to study the proposed budget of the chapter for the coming year, the roll call goal being set at 11,000 members.

Rabbi Norman Diamond gave a report on the home service work of the chapter, which has continued growing daily, and will expand tremendously in the near future, when the men who are to be discharged from military service under recent legislative enactment, make application for such discharges.

Mrs. John E. Elliott, chairman of all volunteer services told of the

work which has been accomplished by the women of the chapter during the three summer months. She revealed that 2,440 women have been engaged in the various activities, such as knitting, sewing, making bandages, in the motor corps, etc.

A total of 29,440 surgical dressings have been shipped since June 1, and a new quota of 25,000 dressings is now being worked on. A group of women worked at the chapter house Tuesday, packing emergency kits, which will be shipped to England for use of families when they are forced out of their homes by bombings, the chapter having supplied the articles for 138 of these, the bags being furnished by the National American Red Cross.

The resignation of Mrs. Martha Payne Rhodes as production chairman was presented by Mrs. Elliott. Mrs. Rhodes asking her release because of ill health which would prevent her taking charge of this strenuous work, which was accepted by the chapter with extreme regret. Mrs. Rhodes has accomplished a tremendous work since production was started with the invasion of the small defenseless countries by Germany.

Mrs. J. Glenn Berry gave an excellent report on the home nursing program of the chapter, announcing that three registered nurses are now engaged in the chapter's program, and that classes in home nursing will be started in the near future. Miss Mary Bean, nursing consultant for Western Pennsylvania will be in the chapter today and tomorrow for a discussion of the needs of the chapter.

Other splendid reports were given by Charles Brest on life savings, with 77 receiving instruction in senior life saving work, and 121 in swimming in different groups; Mrs. John McIlwraith on the work of the motor corps, which made 220 calls during the summer covering 980 miles; knitting work by Mrs. Robert M. Garland, showing 2,193 knitted garments completed; with 40 auxiliaries and 800 women engaged; and first aid, by Harry Cullford.

Mr. Cullford reported that the Red Cross trained First Aid Emergency Corps of the New Castle fire department, had 33 calls with 22 active cases treated, and that many were coming to the various fire stations for minor treatments.

Executive Director Margaret E. Bodenstein gave a resume of the various activities and discussed the outlook for the future. She stated that 3,780 women in the county are engaged in Red Cross production work.

Church Societies Have Annual Party

Sacred Heart Sodality, Guests At Party Of Immaculate Conception Sodality, Tuesday

Approximately 100 persons attended the annual get-together party event held by the Immaculate Conception Sodality, Tuesday evening honoring members of the Sacred Heart Sodality.

An informal time was enjoyed and members and friends gathered in the church auditorium, where at 7:30, an interesting program was presented. Rosina Gebbia, a special guest, favored the assembly with piano selections, and motion pictures were also on the evening's program of entertainment.

At an appointed hour, dainty refreshments were served to the guests on nicely arranged tables. Rosina Gebbia captured the club token during the festivities of the evening.

Miss Angeline LaStracco was the chairman for the event, and she was assisted by Flossie Mason, Rose Leone, Rose Orlando, Elvira Thomas, Phil DePiero, Constance Palmiero, Antoinette Melozzi, Anna Rainey, Constance Zumbella, and Esther Santillo.

October 1, is the date for the next meeting at 6:30 o'clock.

But Small Part Of Building To Be Removed Now

Workmen will probably complete the job of tearing down the old three-story building on South Liberty street this week.

At the present time, only a small portion of the front of the building on the first floor now remains to be removed. The reason for the slow progress that has been made, is due to the fact that the workmen are loading the bricks and other materials as they are removed from the structure.

Society Group Planning Party

Members of the Sons and Daughters of St. Margaret's society gathered for their regular meeting Tuesday evening at 6:30 o'clock in the hall on North Liberty street, and plans were discussed for a party.

LaGuardia Wins Nomination For Another Term

(International News Service) NEW YORK, Sept. 17.—Mayor F. H. LaGuardia, seeking his third term as chief executive of New York City, today defeated John R. Davies, anti-New Deal candidate, for the Republican majority nomination.

With only 62 of the city's 4,050 election districts yet to be heard from, LaGuardia, who is also the American Labor party's nominee, led the former G. O. P. national secretary by 13,117 votes.

LaGuardia's total, excluding the missing districts, was 61,776 against Davies' total of 48,659. This represented one of the lightest votes in years. Less than 15 per cent of 700,000 eligible G. O. P. voters cast ballots.

LaGuardia's victory margin of four years ago when he defeated the late Senator Royal S. Copeland for the Republican mayoralty nomination was cut by 60 per cent. He lost two of New York City's five boroughs, the Bronx and Queens.

Today's victory means that LaGuardia will square off against the Democratic candidate, Brooklyn District Attorney William O'Dwyer, in November. O'Dwyer's Democratic nomination was uncontested.

Auto Damaged In Peculiar Blaze

Car Slips Off Jack, Which Penetrates Gas Tank, Fluid Catching Fire

Central firemen were called to North Jefferson street Tuesday evening at 8:15 to extinguish an automobile fire which was a most peculiar one.

George Cameron of 1215 1/2 South Mill street had borrowed the car of Earl Williams and it had developed a flat tire. He drove to a nearby gasoline station to have it fixed, and while the car was jacked up, lit a cigarette and threw the match on the ground. The car had just slipped off the jack an instant before that, the top of the jack penetrating the gasoline tank, and the match set fire to the fluid, enveloping the rear end of the machine in flames. Damage of around \$100 was done to the machine, it is reported.

LOOK — THERE'S A PENNY!

Sure, I'll get wet, but pennies are big stuff around our house. You'd be surprised what a cent's worth of juice will do — giving lights, or running the radio, or refrigerator. Yes sir, pennies are all the style with us.

Bargain Day, for Electricity

While prices of some things have gone up, that's not true of electricity. Cheap electricity is still your best bargain. Do you know, for example, that five pennies worth of electricity will do the weekly washing for the average size family?

Now's the time to buy electrical appliances. Visit the dealers' stores . . . and yours, too.

Party Chairmen To Open Campaign

With the primary election out of the way, chairmen of the Republican and Democratic parties today announced their intention of getting the fall campaign under way.

Captain Roger W. Rowland, chairman of the Republican party will meet with the candidates of the party at noon Saturday for a discussion of plans.

John B. Shaw, chairman of the Democratic party will meet with candidates on Thursday night for the same purpose.

It is possible that campaign chairmen may be appointed by either or both of the county chairmen this year. The plan has been tried in other years and found to work satisfactorily.

23.

Chairman Mansfield (D-Tex) fixed
the date upon his return from
Texas.

The hearing was requested by
Representative Kirwan (D-Ohio),
an advocate of the development
which has the approval of the army
engineers.

Mansfield said he hoped to con-
clude the hearing in two days, al-
lowing a day for proponents and a
day for opponents.

Duke And Duchess Will Be Guests At Informal Luncheon

Mystery As To Type Of Re-
ception In Washington
Has Been Dispelled

(International News Service)
WASHINGTON, Sept. 17.—Wash-
ington's latest mystery over just
what pomp and ceremony would be
accorded the Duke and Duchess of
Windsor when they stop in the
Capital Sept. 25 on their way to
Canada was ended today when the
White House announced that they
would be entertained at an "in-
formal luncheon" by President and
Mrs. Roosevelt.

The former British monarch and
his Baltimore born wife will spend
one day in the Capital on their way
to the duke's Calgary ranch, and
in addition to the White House
luncheon will be honor guests at
the British embassy.

Washington speculation centered
around whether Mr. and Mrs. Roo-
sevelt would tender the Windsors a
formal dinner—or just what would
be done about their presence in the
Capital, and the announcement ends
it. The White House gave no de-
tails of any additional guests.

The President first met the duke,
now governor-general of the Ba-
hamas, in Europe during World War
I and last saw him when he boarded
the U. S. S. Tuscaloosa off the Ba-
hama Island of Eleuthera last
March while Mr. Roosevelt was on
a Caribbean cruise.

Medical Society of the State of
Pennsylvania will be held in Pitts-
burgh October 6 to 9, at the Wil-
liam Penn hotel with more than
2,500 physicians from all parts of
Pennsylvania and adjoining states
attending.

There will be 118 speakers on the
scientific program who will discuss
the latest advances in medicine,
surgery, dermatology, obstetrics,
children's diseases and similar sub-
jects. Sixteen of the speakers will
be invited guests from eight other
states representing leading medical
schools, hospitals and clinics.

Local People To Attend Christmas Seal Conference

Four local women will go to Pitts-
burgh on Thursday to attend the
district conference on the coming
Christmas Seal campaign in West-
ern Pennsylvania.

Miss Della A. Glenn, secretary of
the Lawrence County Tuberculosis
Society will head the group that
will attend from here. She will be
accompanied by Mrs. Sylvia Sturde-
vant, Mrs. Nell Hogue and Mrs.
Helen Vondreau.

The conference will be an all-day
affair and will be held at the Wil-
liam Penn Hotel.

House Approves Highest Tax Bill

Measure Sent To Senate For
Approval Of Changes—
Huge Tax Increases
Made

By GRIFFING BANCROFT
International News Service Staff
Correspondent

WASHINGTON, Sept. 17.—The
house, without a record vote, on
Tuesday gave its final approval to
the highest tax bill in the country's
history, designed to increase fed-
eral revenues by \$3,553,400,000 an-
nually.

The measure now goes to the sen-
ate which is expected to complete
action and send the bill to the
White House today.

House action came following an
hour of debate when the lower
chamber adopted a conference re-
port which had accepted the senate
version of lowering income tax ex-
emption so as to bring millions of
new taxpayers under the levy.

The measure now goes to the sen-
ate which is expected to complete
action and send the bill to the
White House today.

A verdict of not guilty on the first
count but guilty on the second count
of assault with intent to commit an
indecent act, was returned by the
jury trying Glenn Reno on Tuesday
morning. The jury trying Beatrice
Kreutz for assault and battery on
Kolovas found a verdict of
guilty.

On Tuesday morning the case of

the commonwealth against John
Saesan was called. Saesan is charged
in two counts with involuntary
manslaughter and also failure to
stop and disclose identity. On July
20, Saesan was driving a truck down
Moravia street. In some manner he
struck and killed Horace McHenry
and Atee Smith and injured an-
other man. It is alleged he drove
away from the scene of the acci-
dent and later reported that his
truck had been stolen. Police finally
secured a statement from him saying
he had driven the truck.

With the completion of Saesan's
case the September term of court
ends. Pleas were received in all the
other cases save one which is being
held over for investigation.

Pleas were received from the fol-
lowing: Fred J. Laurio charged with
aggravated assault and battery, Wm.
Sigelow, indecent assault, Halleck
Hasson, charged with immorality
Merle Davis charged with failure to
stop, James J. Mateja charged with
driving while intoxicated, Belmont
Kreutz charged with larceny, Andrew
Jacobs charged with larceny and
Tony Moses, charged in three counts
with assault and battery and one
count of malicious mischief.

The jury will draw a short pay
for this term and the jury called
for the second week will not be
needed.

War Materials Sent To Russia

So Declares Harriman Head
Of U. S. Delegation To
Soviet, In London

By MERRILL MUELLER
International News Service Staff
Correspondent

LONDON, Sept. 17.—Revealing that "considerable quantities of American war material have already gone to Russia," W. Averell Harriman, head of the American delegation to the forthcoming three-power Moscow conference, declared Tuesday that now that the Germans have crossed the Dnieper river there is an "increased feeling of urgency" on the part of the American government that the mission start its work in Moscow.

High quarters in Washington Harriman revealed are eager that the 23-man American mission get as quickly as possible to Moscow to coordinate supply and production for the embattled Soviet armies.

The American and English missions, it was learned, will leave shortly for Moscow where they will at once start conferences with Joseph Stalin and other leaders. The missions will remain in Russia two weeks, but Harriman will stay longer in order to study Russian production problems.

"American production," Harriman concluded, "will be speeded up, but it takes time. Self-criticism of American production is the prelude to greater effort."

Britain's delegation to the Moscow conference, which will determine details of lease-lend aid to the Red armies, will be led by Supply Minister Lord Beaverbrook, who announced next week's entire production of British tanks will be sent "straight to the front lines around Leningrad, Odessa and Kiev."

Beaverbrook will be accompanied to Moscow by a British delegation composed of Sir Hastings Ismay, Maj. Gen. Macready and Capt. Balfour and also members of the British military mission already at the Russian capital.

Urban population of the Russian Ukraine has more than doubled in recent years, the Department of Commerce reported.

Monthly Report For Neighborhood House

Americanization Committee
Make Annual Report For
Months Of July And
August

Americanization committee of the Neighborhood house made their monthly report for the months of July and August. The meeting was held in the Y.M.C.A., and Miss Mary Riffer, new president, was in charge.

Calls made were 70, calls made to give new testaments to those accepting Christ, 16; calls were made for Sabbath school. The only class continuing through the month was the Women's English class, with 18 in attendance. The Sabbath school contest, "A Trip to the Holy Land," is progressing fairly well. New members are being brought in, Anna Rozak, Martha Joseph.

Have had two speakers for the Sabbath school, Paul Butler of Columbia, who gave a very interesting illustrated talk, and Laura Mooney Woods, who sang and taught the adult class.

Plans are under way for the women's classes. The Women's English class has begun their study, with Jean Butler as the leader. The L. T. L. and Junior League had their first sessions Tuesday, Sept. 16. Sewing classes will open later.

Magazines have been received from Olga Kylvowski, Mrs. Mary Jones, Mrs. Henderson. One new testament was given out. During the meeting, memorial services were held for Anne Aiken, one of the faithful members of the board. Mrs. Albert Suret gave a tribute to her memory. Miss Aiken was interested in the Neighborhood house from the time of its beginning for 13 years. She taught the Women's English class two evenings each week. Later she was the secretary, then head of the day class work and she will be missed in the work.

PULASKI

ENTERTAIN W. B. A.

Mrs. George Ketterer Dies In Pittsburgh

Funeral Services For Former Pleasant Hill Resident On Thursday Evening

ELLWOOD CITY, Sept. 17.—Mrs. Elizabeth Wehman Ketterer, wife of the late George W. Ketterer, died at her home, 2622 Crosey avenue, Beechview, Pittsburgh, on Tuesday evening. She had been ill for some time.

She was born in Lawrence county and lived at Pleasant Hill, Perry township, until fourteen years ago when she moved to Pittsburgh. She has many relatives and friends in this district to whom her death brings much sorrow.

She is survived by the following children: Mathilda B. and Mary Alice, at home; Mrs. James Currie, Pittsburgh; Mrs. F. C. Dods, Pittsburgh; Mrs. O. Hazen, Mrs. William Greenwood, John P. and William G. Ketterer, all of Ellwood City. She also leaves one brother, John Wehman of Ellport; eight grand children and one great-granddaughter. A daughter, Hazel, preceded her in death. Funeral services will be held on Thursday evening at 8:30 o'clock at D. S. T. from the Bunbauer Funeral home, 2630 West Liberty avenue, Dormont. Relatives and friends will be received at the funeral home.

Mrs. Jack Buanno Taken By Death

ELLWOOD CITY, Sept. 17.—Mrs. Porzia Buanno, aged 44 years, wife of Jack Buanno, 1660 Border avenue, passed away at the New Castle hospital on Tuesday at noon. She had been ill only a short time.

In addition to her husband, she is survived by six children, all at home, and one brother, in Youngstown.

Funeral services will be held on Friday morning at 10 o'clock from the Eighth street Italian Christian church with the pastor, Rev. Pellcano to preside. Interment will be made in the Locust Grove cemetery.

Reformed Board Arranges Events

ELLWOOD CITY, Sept. 17.—When the consistory of the Immanuel Reformed church met last evening at the church, arrangements were made to join the world-wide communion service on Sunday, October 5, with the preparatory service to be held the preceding Friday.

It was also decided to observe national missions Sunday on October 19. Plans were made for various members to attend the fall conference at Butler on Wednesday, October 8.

A nominating committee, Edward Hedberg, Ray Conner and Mrs. Ralph Chappell, was appointed with the election to take place at the next meeting on Tuesday, October 21, at the church.

Night School Offers Handicraft Courses

Sewing Classes For Women, Cabinet Making For Men Are Popular Choices

ELLWOOD CITY, Sept. 17.—Do you like to create things? Do you enjoy putting around? Could you use a little mechanical skill around the house? Would you like to know something about designing clothes and how to make them? If you answer "Yes" to these questions, the Ellwood City Night School is equipped to help you realize your ambition.

The sewing class for women has always been a popular one, a class where women with no experience as well as those skillful in dress-making can profit from the instruction. Lay-out cutting, sewing, and fitting of garments, are some of the phases covered in this course. Individual needs receive individual attention.

Cabinet making for men needs little advertising as this class is one of the first to be filled. So great has been the demand that an overflow class meeting on Tuesday and Friday nights is almost a necessity. Both beginning and advanced students can profit from this instruction in woodworking.

You may register for these classes September 18, 19 in the Lincoln Building from 7:00 to 9:00 p. m. The regular classes begin on Monday, September 22 at 7:00 p. m. and meet every Monday and Thursday for thirty weeks.

A registration fee of \$2.50, payable in advance, is returned to the students who have attended 75% of the meetings.

LILYVILLE CLASS AT MILLER HOME

Nazis Threaten To Take Hostages In All France

Will Not Be Confined To Communists In Future Is Warning

(International News Service)
VICHY, Sept. 17.—The German military authorities in Paris today warned by posters and by statements in the newspapers that continuation of anti-Nazi activities would be followed by the taking of "hostages" not only among communists, but among the whole Parisian population.

Authorities in occupied France hunted today for two bogus "policemen" who kidnapped the 20-year-old son of Col. Alfred Heurteloux, a famous French World War aviator and a friend of Chief of State Marshal Henri Philippe Petain.

Motives for the kidnapping remained unknown. Authorities said the youth was seized in Paris while putting his bicycle in a garage near the Trocadero.

It was reported that two men disguised as policemen overpowered young Heurteloux, bundled him into an automobile and disappeared.

News of the abduction increased tension in occupied France, where new apprehension was aroused by two new attempts to kill German soldiers in the former French capital. One of the Germans, a non-commissioned officer, was seriously wounded by revolver shots, while another escaped unhurt from a fusillade of pistol shots.

The new shooting incidents occurred only a short time after 10 more French hostages had been put to death by German occupational authorities in reprisal for "acts of aggression" against members of the German armed forces.

MAGNESIUM IS CALLED ESSENTIAL ELEMENT IN DIET

(International News Service)
BERKELEY, Cal.—Lack of magnesium can cause a bottleneck in your assimilation of food as well as in national defense, University of California researchers have discovered.

Rats fed a diet deficient in magnesium were unable to get the full value from their food, and wasted 18 per cent of its nourishment, Drs. Max Kleiber, David M. Greenberg and Muriel Boelter reported.

Magnesium apparently operates to slow up the rate at which the human body converts food energy into heat. When it is absent, the speed of conversion is too fast to afford sufficient food for body building purposes, the experiments indicated.

Report Turkey May Be Invaded

(International News Service)
LONDON, Sept. 17.—In a dispatch from the "German frontier," the London Daily Express said today that Turkey is in "imminent danger of invasion" due to Germany's "urgent need" to reach oil fields in the near future.

According to the Express, heavy concentrations of Axis troops and war materials have been assembled in Bulgaria for this purpose.

Likewise, the Express claimed, Bulgaria Sunday called three military classes to the colors and allowed the men affected by the order only five hours to answer the summons.

Germany Was Worried Over Possible Occupation Of Iceland By U. S. Force

(International News Service)

NEW YORK, Sept. 17.—Germany was worried over possible occupation of Iceland by U. S. troops nearly six months before President Roosevelt announced that troops had landed there, it was revealed in federal court today.

William G. Sebald, whom the Reich commissioner as a Nazi spy but who turned over all gestapo secrets and orders to the federal bureau of investigation as fast as he got them from Germany, disclosed the German apprehension over Iceland as he resumed testimony at the trial of 16 men charged with being Nazi espionage agents.

Sebald said that AOR the gestapo radio station in Hamburg asked him on February 13:

"What preparations being made in Greenland and Iceland for U. S. air convoys?"

It was July 7, that President Roosevelt informed the American people that U. S. troops were in Iceland.

The message was shortwaved to the Centerport, L. I., radio station built and manned by the F. B. I. but which the gestapo thought was operated by their own agents in this country.

Asked what he did after receiving the message Sebald testified: "I talked with Duquesne (one of the defendants) about Iceland and sent a message for him on May 12." Attorneys did not bring out at the moment the text of the message Sebald sent in reply. Testimony con-

cerning Iceland followed Sebald's revelation that \$22,000 had been sent from Germany through Mexico for payment of Nazi agents here.

"About \$13,000 of it is still on deposit in my name," Sebald told the court as he related the paying methods of the alleged ring.

Pedro Gonzales, charged as a co-conspirator in the case but still at liberty, was the Mexican agent forwarding the money, Sebald said. The money went to the Chase National Bank, he added.

"Donation Day" for the Almira Home, is set for Wednesday, October 29, Chairman Mrs. Walter W. Braham announced today, and asks that New Castle residents uphold their past reputations, for contributing generously to this worthy cause.

Canned fruits, vegetables, staple groceries, sugar, flour, and many other foods, will be given to the home at this time, for the winter's supply. Anyone having a donation and not able to get it to the Almira Home, is to call 982 and one of the committee members will call, identify herself, and collect the donations, which will be taken direct to the home, Mrs. Walter Braham is being ably assisted by Mrs. Ray Robinson, Mrs. C. E. Trainor and Mrs. James D. Crawford.

Each year, a "Donation Day" is launched for this purpose, and New Castle has always been kind and generous. It is hoped the same response will again be repeated.

Encounter Delay In Building Walmo Community Center

Lack Of WPA Labor Complicates Plans For New Fire Department Building

Delay and perhaps cancellation of plans to erect a community building at Walmo at the present time has been faced by the workers backing the project because of the scarcity of W. P. A. labor.

A short time ago a community building was planned that would provide a fine recreation center for the people of the district as well as a roomy fire station to house the equipment of the Neshannock Township Volunteer Fire department.

According to James Messner, chief of the fire fighters, the plans had called for the work to be done by W. P. A. labor. Therefore, since private industry has almost completely depleted the skilled labor rolls of the W. P. A., it will undoubtedly be necessary to halt plans for the building until some other plan for its erection may be worked out, Mr. Messner states.

Office Will Handle Birth Certificates

State Offers New Service At Health Center, North Jefferson Street

The Bureau of Vital Statistics, Pennsylvania Department of Health, has opened an office in the District Health Center at 115 North Jefferson street, Dr. Donald H. Eckles, district medical director, announced today.

The service, Dr. Eckles said, is primarily for those born before 1906 before birth registration became state-wide. In addition there are some who were born since 1906 whose birth was not registered. Anyone born in Pennsylvania before 1906 or who does not have a certificate on file as proved by a search in the Harrisburg office may obtain forms and advice at the new office.

The office is in charge of C. H. Andrews, who announces the hours as being from 1:30 to 4 p.m. Tuesdays and Thursdays. Additional time may be added to this schedule later as the convenience of the public demands.

On presentation of certain affidavits or other evidence, an application may be sent in to the central office of the Department of Health and a "delayed birth certificate" will be issued.

Federal authorities demand official evidence of time and place of birth as a requisite for employment in defense industries. It is felt that the local office will be of great assistance in speeding up the issuance of certificates and will make it easier for local people to obtain employment in these industries.

All Men In London Must Register For Fire-Watch Duties

Lack Of A Sufficient Number Of Volunteers Forces Drastic Step

By FRANK COURTNEY
International News Service Staff Correspondent

LONDON, Sept. 17.—With "London Must Not Burn" as his slogan, Herbert Morrison, minister of home security, today ordered all able-bodied men residing in London to register for compulsory fire-watch duties.

This call-up, which affects the majority of men between the ages of 18 to 60, is the consequence of an insufficient number of volunteers.

Hitherto, compulsory registration has applied only to people living and working in the city and Westminster, but it will now affect the whole of the London region, irrespective of requests of local authorities.

Speaking in parliament Morrison said: "In every London area, including the outer suburbs, all male British subjects between 18 and 60 must register with the local authority. Certain classes of people already carrying out war duties will be exempt."

In the original regulations, giving the minister the necessary power, it outlines that he must be satisfied with the number of persons voluntarily enrolled for fire prevention duties. Obviously, he is not satisfied.

One reason why people dislike enrolling is the fact that while they are away guarding city premises belonging to someone else their own homes are going unguarded. Compulsory enrollment of suburban residents will put an end to this.

Ample Water Supply For Troops In Field

Mobile Purification Plants Supply Million And Half Gallons Daily

(International News Service)
CAMP POLK, La., Sept. 17.—That ditty of the Ancient Mariner about "water, water everywhere, nor any drop to drink" is being demonstrated in the reverse during the gigantic war maneuvers this month.

There isn't an over-abundance of water in the "war zone" of Louisiana and Arkansas—but every one of some 500,000 battling soldiers gets all the aqua pura he needs.

Supply the largest force to ever wage "battle" on American soil with enough water for drinking, cooking and bathing is no child's play—as members of the 80th Engineers Battalion are rapidly finding out.

The 80th Engineers—unofficially dubbed The Water Boys—are chiefly responsible for water supply and purification. They are augmented by the engineering units of the 11 divisions participating in the war games. Each division has a mobile purification plant which is capable of turning out 750,000 gallons of pure water daily.

This 1,500,000-gallon total a day is equivalent to an allowance of about three gallons per day for each man. While seemingly generous, the amount actually is a small fraction of the per capita consumption of water in most American cities.

More than half the farmers in the United States (50.6 per cent) were full owners of their farms in 1940, according to the census.

JACK GILL ENTERS CARNEGIE TECH AS AERONAUTIC STUDENT

Farrell Sending Big Eleven Here

Visitors Friday Night Will Outweigh New Castle High Eleven

Game Here Friday Night Will Draw Large Crowd, Farrell Band Coming

FARRELL high will send a football team here Friday night that will outweigh the New Castle High "Red Hurricane", it was reported today by Paul Cioa, assistant New Castle coach who saw the Farrell - Greenville game last Friday night.

But, New Castle will be out there with a fast team, and that's what counts most on the football field is speed. It will be the first meeting of the two schools on the football field since 1924 when in a spring game New Castle went to Farrell and won 27 to 0 before the days of Coach Day at Farrell.

Locals Are Eager
The New Castle squad has shown a real spirit in the workouts this week. They are determined to defeat Farrell and hang victory number three on the top-sail.

Farrell can be expected to throw a lot of passes on Friday night, therefore Head Coach Phil Bridenbaugh has put a definite stress on pass defense in the two workouts held so far this week. Farrell according to Cioa did not try much in the passing line last week, preferring no doubt to wait until they get to Taggart stadium to unloosen the bag strings.

No Lineup Changes

The New Castle High eleven that has won two games already will no doubt start against Farrell on Friday night. Ryan is still bothered by a side injury and Jesse Gunn has

been performing brilliantly at the guard spot, so no change is anticipated.

New Castle was a much improved team in the Butler game over the showing made against Grove City High. With this week under their belts New Castle should look even better against Farrell, but of course Farrell will be a much better team than Grove City and Butler.

Expect Big Crowd

In the event of good weather on Friday, Taggart Stadium will no doubt see another 9,000 or so crowd. Farrell has been sent 1,500 tickets and they expect to sell all of them. There is quite a bit of rivalry between the two teams and it will tend to make a humdinger of a ball game.

Farrell High will send their fine uniformed band here for the game, and the New Castle band of 90 pieces in the marching band and 100 pieces in the concert band will be out in full force.

Farrell Facing Jinx

The Farrell High team coming here Friday faces the old "13" jinx. The Farrell team has won 12 straight games since 1939. The string started after Oil City had beaten them back in 1939, and nine games in 1940 and one this season.

New Castle will have to keep a weather eye on this young Jimmy Baslione around whom most of the important plays center and who does most of the ball lugging.

Explain Increase For Farrell Game

Increase In Price For Farrell Game Was Matter Of Necessity

Robert Mills, ticket manager at New Castle High, today had the following explanation to make for the slight increase in Sections 5 and 6 at the stadium for the New Castle-Farrell High football game on Friday night.

"Due to the increased cost of bringing the strong Farrell High team to New Castle for the edification of the fans and to give the football patrons the kind of games they enjoy seeing, it was deemed necessary to raise the reserved seats in Section 5 and 6 from 50 cents to 75 cents. The high school is not looking for any monetary gain, and the usual prices will be in effect for the next home game, with Sharon."

"Farrell would not agree to come for what some of the other schools could be secured for. We sincerely hope that the fans can see our viewpoint on the matter."

"The fact that we had won two games previous to the Farrell game did not enter into the matter whatsoever, the price raise for the Farrell game was made quite some time ago at an athletic council session, after we secured the signed contract of the Farrell team."

HILLSIDE TAKES OPENING GAME IN TITULAR SERIES

Hillside is one-up on Ellwood City in the race for the championship of the Lawrence County Baseball league, having won 7 to 4 at Ellwood City Tuesday. They'll play again at 5 p. m. Thursday at Hillside.

Hillside put across five runs in the first inning and Ellwood City did not "yank" Greco, pitcher, until the fifth when he was succeeded by Ferrante.

Ammons pitched the entire game, agreed upon as six innings, for the winners.

(Note: No box score submitted by Ellwood City manager this morning.—Sports Ed.)

County Grid Parade This Week Colorful

Bessemer Opens Against Hubbard, Saturday; Shenango At Sharpville

Lawrence county's football parade this week is as colorful and as eye-arousing as a Fifth Avenue shop window.

At Taggart stadium, New Castle high and Farrell renew relations Friday evening. The clash matches two of the greatest scholastic mentors in the county—"Hank" Day and Phil H. Bridenbaugh.

In Ellwood City, Munhall high faces the rampaging Ellwood City juggernaut which moved down Union Township last week.

The parade is resumed Saturday afternoon at Bessemer where another spirited Bessemer high combination greets the season by clashing with Hubbard, Ohio, Bessemer has been drilling diligently in the hope of downing one of its arch rivals. The game will probably start at 2:30 o'clock.

With one victory in the kit, Shenango Township high bids for its second win Saturday night, facing Sharpville high at Sharpville. The fray looms as one of the key battles for the East New Castle eleven this season.

Edinboro's recent cancellation moves back Westminster's 1941 opener. The Titans face Carnegie Tech, Saturday, September 27, in Pittsburgh.

Union Township high remains on the sidelines this week. The Scotland Laners' second tussle comes on Saturday, September 27, at Greenville.

AMERICAN ASSOCIATION
Minneapolis 9, Louisville 3 (Louisville lead in series, 3 to 1).

SPORTS WORLD RAMBLINGS

Wednesday "p. m." sports cocktail—

As a marksman, "Cy" Ingham is in the hot bracket, so far as the Pennsylvania Sheriff's association is concerned. Four years ago, the county's chief court officer attended the association's annual shooting title. Not too long ago, the ex-Washington and Jefferson college football-baseball star shot his way to his fourth consecutive championship!

Henry Marshall finished with a 253 batting mark during the Middle-Atlantic league season. The Hillside driver in 50 runs, slugged three base cleaners and fielded almost flawlessly. In the loop's playoff, won by Erie, Marshall played superbly for the 1941 crown bearers.

Union Township high's October clash with Grove City high, billed for Grove City, will be a night clash.

Every week throughout the football season, Major "Suede" Larsen writes a letter to New Castle. The missive, addressed to Mr. and Mrs. George Chip, 108 Phillips Place, ex-

plains how William "Bill" Chip is progressing on the gridiron. Coach Larson rides no facts in his weekly report. The great coach pens similar letters to the parents of every young man battling for a football berth—Plebes and up.

A year ago tomorrow, Cincinnati Reds clinched the 1940 National League championship. So far 23 "jackpot" homers have been clouted in the American league. And eight of them were chalked up in Fenway Park, den of the Boston Red Sox!

Even if they don't bag the National League banner the Dodgers at least are night time champs. The Dodgers garnered 9 wins out of 12 owl tiffs this season.

The T formation, the T. N. T. of football, is so intricate that in all its ramifications, the system turns out about 350 plays! Off his showing against Irish Jimmy Webb Monday night in Pittsburgh, Webb Brown is a good bet to nail the light heavyweight championship.

Some 14 recognized collegiate grid aggregations start the 41 pigskin journey this Saturday.

Sportsmen Meet Tuesday Evening

Plan To Sponsor Trap-Skeet Shoots On Larger Scale; Coen, White Speak

MEETING FIRST OF FALL SEASON

Lawrence County Sportsmen's association members held their first meeting of the fall season on Tuesday evening in the Veterans of Foreign War hall, East Washington street.

Plans were launched to sponsor skeet and trap shoots on a larger scale than the regular Wednesday shoots. A plan is being worked out whereby other county clubs will be eligible to participate. Sheriff M. M. Ingham, W. E. Ferver and Henry Roger were named on the committee to complete details.

Game Warden "Bossy" White read a report on fish stocking. He reported that bass are being stocked all this week from the Bellefonte hatcheries.

Game Protector Frank "Jewie" Coen gave a report relative to the food planted for this winter. He stated that a crop of about 500 bushels of corn has been planted. He called attention to game land and said that he hopes more hunters would use it.

Earl Jordan pleased the audience with movies taken locally, while others were filmed in Canada. The movies depicted familiar places and faces to many of the sportsmen on hand.

The next regular meeting will be held on Tuesday, Oct. 14, in the Veterans of Foreign War hall, H. N. Drio, secretary, announced today.

Ask Date Change For Series Start

(International News Service)

NEW YORK, Sept. 17—The New York City council today awaited a decision by Judge K. M. Landis, commissioner of baseball, whether he would change the date of the first game in the world series.

The council unanimously passed a resolution asking that the opening game of the annual classic be shifted from Oct. 1 to Oct. 2 because as now scheduled, the inaugural performance will be held on Yom Kippur, the Jewish Day of Atonement.

City Ten-Pinners To Meet Tonight

Jimmie Thomas, president of the City Ten-Pin league, today reported he anticipates all members of last season's league will be present at 8 o'clock tonight at McCoy's.

J. D. Thompson will head the Industrial Ten-pin bowlers meeting at the same time and place Thursday night, and one-half hour later Titus Monath and his City Duck-pinners will convene.

Moose To Play At West

Pittsburg In Opening Game Of Championship Series

The first game of a three-game series for the city baseball championship for the 1941 season will be played at the West Pittsburg field on Sunday afternoon at 3 o'clock, it was announced by Managers Danny DeGenova of the West Pittsburg team and "Fiz" Rodenbaugh of the Moose club.

The West Pittsburg team by defeating the Lawrence Indies in two straight games and the Moose by upsetting the Elders in two straight games, earned the right under the Shaughnessy playoff system to battle it out for the championship.

Battle Of Pitchers

West Pittsburg is almost sure to let Joe "Screech" Dombek try for his third win of the current series, having beaten the Indies twice. For the Moose it will be either the veteran Joe Frigone or Monk Rainey, also an old timer.

In the event of good weather a capacity crowd will no doubt fill the popular West Pittsburg "Gas House" field. The series games to date have attracted quite a bit of attention, and interest of the city baseball league fans.

The winner of the Moose-West Pittsburg series will later meet the winner of the Ellwood-Hillside series.

Dodgers Already Have Sell-Out

(International News Service)

NEW YORK, Sept. 17—With practically all seats gone, the Brooklyn Dodgers downtown ticket office already is returning orders for world series seats, less than 24 hours after opening the sale.

It was learned President Larry MacPhail had personally refused a check for \$80,000, calling for 10,000 strips of seats, ordered by the Guarantee Trust Company of New York.

SLUGGING STAR

PHILADELPHIA—Don Richmond, Williamsport third baseman, is quite a slugger. The infielder, who has been purchased by Connie Mack, was runner-up for the Eastern league batting championship, with a .330 mark in 1940. He is a six-footer and bats left-handed.

MAY JOIN AIR CORPS

LOUISVILLE—Emerson Dickman, Louisville pitcher, says he may join the aviation service. Dickman, who has been moved up to the major leagues by the Boston Red Sox, is being counted upon as one of the Red Sox's regular twirlers next season.

GRIDDERS FORCED OUT

MILWAUKEE—When the American Legion gathered in Milwaukee for its convention, Marquette university's football contingent was forced to leave the city to start gearing for the football parade. The team worked out at Lake Beulah.

NATS NIGHT HAWKS

WASHINGTON—Washington proved the night hawks of major league baseball this season. After dropping their first two home clashes, the capital city nine won its next five games.

Stock Market Steady Today

Market Steady And Shade Higher Than Tuesday, Aircraft Shares Feature

(International News Service)
NEW YORK, Sept. 17.—The stock market generally, was steady to a shade higher throughout forenoon dealings today, with activity and strength in aircraft shares featuring.

Outstanding was a runup of about 2 points in Consolidated Aircraft to a new high for the year, following declaration of a \$2 cash and a 100 per cent stock dividend.

Douglas Aircraft climbed better than a point, while Boeing, Lockheed, Glenn L. Martin and Curtiss-Wright each gained fractions in fairly heavy dealings.

Atlantic Gulf & West Indies, common and preferred, each up more than a point to new highs for the year, extended their sharp rise of yesterday.

Other issues to reach new peaks were Hiram Walker, Loew's and American Sugar.

Fractional gains were the rule in most pivotal groups, as coppers, motors, rails, chemicals and mail orders. Some utilities were backward, notably Public Service of N. J.

The reaction in steel shares carried Bethlehem down to its 1941 bottom of 67 1/2.

Sally H. Norris Leaves For East

**Accepts Teaching Position In
MacDuffie School In
Springfield, Mass.**

Miss Sally H. Norris, daughter of
Mr. and Mrs. John W. Norris of
Euclid avenue, leaves for Spring-
field, Mass., on Thursday morning,
where she has accepted a position
on the teaching staff of the Mac-
Duffie school. The school is a board-
ing and day school for girls and
has been a Springfield institution
for over 50 years.

Miss Norris is a graduate of the
New Castle High school, class of
1936, and of Bryn Mawr college,
class of 1940, where she graduated
with a bachelor of arts degree, ma-
joring in English literature. At the
MacDuffie school she will teach
English. The school opens its fall
term on Monday morning, Sept. 22.
Miss Norris is a granddaughter of
the late Edwin F. Norris, New Castle
banker and industrialist; and of the
late William T. Butz, a pioneer mer-
chant here.
